

Pravin Khanolkar: CEO & Founder of DbCom

Pravin Khanolkar is the CEO and Founder of DbCom, a global leader in financial compliance and regulatory technology. With over 30 years of experience in financial regulation and technology, Pravin developed **EQube**, a platform that leverages automation, AI, and data analytics to address complex regulatory needs, including Market Manipulation, AML, Best Execution, WSPs, Control Room management, and Reg BI/Suitability.

Pravin's expertise includes designing high-volume trading platforms for equities, fixed income, and foreign exchange, with connectivity to various U.S. and European exchanges via the FIX protocol. He has also provided strategic advice to firms like **Charles Schwab, UBS, JP Morgan, and Bank of America**, helping them optimize trading systems and architect robust infrastructure. This extensive experience laid the foundation for building EQube and assembling a skilled team to make it a trusted compliance solution for leading financial institutions.
